### LETTER OF INTRODUCTION, COMPANY AND PRODUCT OVERVIEW

Dear Mr Korde,

Thank you for the opportunity and privilege to introduce the solutions and services offered by iBrain Decision Software.

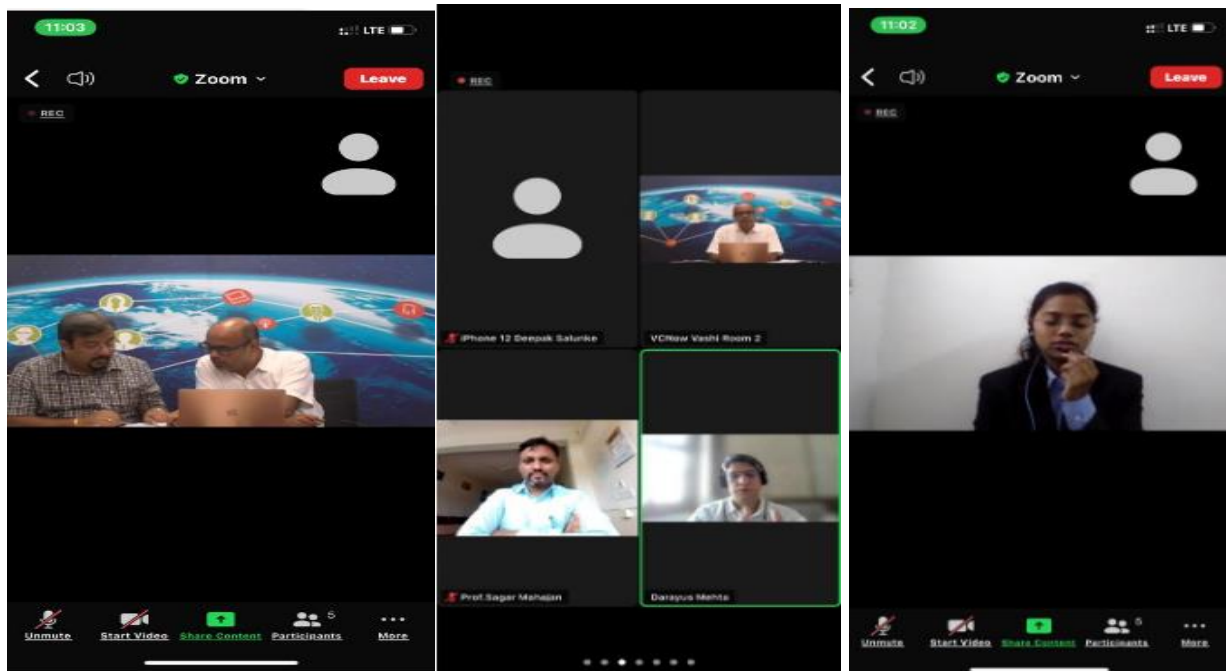

#### About iBrain Decision Software

iBrain Decision Software, presently a subsidiary firm of the U.S. based company Sikka Software Corporation, for all intents and purposes, was formed in 1996. From 1999 and onwards it has been working under the direction of Sikka Software Corporation with the intention of providing best-in-class software solutions to the American dental and medical community. The company, which is 100% export-oriented, leverages its highly experienced Indian software development and testing talent built over the past 20 years in its Indian development center to provide development, testing, QA and localization services in an outsourced model. Our principals have more than 40 years of combined experience working in the dental, IT, artificial intelligence, software and data science industries. This includes working for large
